

## **FUND RAISING AND YOUTH/ LADIES COMMITTEE FLYER**

As the youth members and parents should know, as a result of the fundraising last year, we have raised funds towards the bowling machine that has been purchased by the club- so many thanks to those who have supported this in any way at all.

We thought a way to raise further funds and also to make use of those clothes and equipment that linger in cupboards and draws is to have a type of exchange and mart for clothing and equipment.

Clothing worth very little can be donated and anyone wishing to take items can make a voluntary donation to youth section funds. Any items of equipment can be priced and anyone donating these would agree to donate half of the sum received to the funds.

If this is thought to be a good idea would any one like to bring any items to the registration night, we can then gauge the response and anyone who may be able to assist we could then have this as a regular feature on Monday nights particularly at the start and end of season. This may help some of the players to have kit that can be very expensive bought new.

On the 12<sup>th</sup> March at registration evening we thought we might have a cake stall so could you please get your pinny on, blokes as well, and get baking!!

The ladies committee has also been asked to assist by providing teas for U15 games which are mostly on Sundays and also to help behind the bar on those matches and other youth fixture matches.

Any one who can offer their services in respect of any of these suggestions please contact either myself, Chrissie Lloyd, Denise Gough, Lizzie Masters, Judith Pilkington or Leslie Lovatt, if you do not have any of our contact details of course there is always Nigel from whom this email emanates.
